

Rent-To-Purchase options: essential, effective tools for piano lessons

To help piano students (that are enrolled with a local qualified piano teacher) begin piano lessons, minimize initial investment and build confidence that a piano purchase is sound, Capital Music Center offers an innovative Rent-to-Purchase plan. You can rent a **Roland Piano** for about the same cost as a cheap keyboard. With only a five month minimum commitment you **receive 100%** credit toward the purchase. At the end of five months you may purchase, return, or choose a payment plan to continue rent-to-purchase on a month-to-month basis. First month on all piano rentals is \$99 (includes a small fee for local delivery). Credit card required.

**Roland Music Tutor
MT-90U**
\$18/month
